## CABLE RATES RAISED.

As the Result of a Combine According to Representative Corliss.

### WANTS PROCEEDINGS INSTITUTED.

Judiciary Committee of the House Reported Against the Resolution of the Michigan Statesman After Hearing Him.

Washington, March 28.—Representative Corliss of Michigan was given a hearing before the house committee on judiciary on his resolutions directing the attorney general to institute proceedings against the Commercial Cable company for alleged combination with other companies.

Mr. Corliss declared that there had been a deliberate violation of the laws against combination and that the effect was to advance the cost of cable message on the Atlantic 2½ cents a word. Chairman Ray and the members of the committee asked a number of questions which developed rather sharp division over the resolution. Mr. Corliss said the matter had not been brought to the attention of the attorney general so far as he knew, but he desired that the committee take cognizance of facts which showed an offense against the law and refer the subject to the attorney general for his investigation and action. Mr. Littlefield made the point that if the subject had never been brought before the attorney general he could not be remiss in not acting on it, and until he declined to act congress was not warranted in giving him directions. He thought this amounted to a reflection on the attorney general. Mr. Corliss disclaimed any purpose of making such reflections. He simply stated facts, he said, preliminary to action.

Chairman Ray said the resolution amounted to a direction by congress to the attorney general to do his duty, when there was nothing to show he was remiss in his duty or knew anything about the matter. He suggested that Mr. Corliss should go first to the attorney general. Mr. Corliss remarked that he had not come to be advised as to what he should do, but merely to be heard on a statement of facts. If there was to be no action he desired to have the committee share in the responsibility for non-action.

Mr. Littlefield expressed the belief that the opinion of the attorney general could be gotten in 15 minutes if steps were taken to get the subject before him. He added that charges often had been made against the last attorney general and against the present one that they had failed to act, but Mr. Littlefield said he had failed to find the officials had refused to act on any matter properly brought to their attention.

Mr. Corliss maintained that there was ample evidence to warrant inquiry by the proper officials preliminary to action. Considerable sharp sparring was indulged in as to the amount of evidence Mr. Corliss could produce. The committee then went into executive session and unanimously reported against the resolution on the ground that Mr. Corliss had not presented a case, calling for the action proposed.

### Educators at Cleveland.

Cleveland, March 28.—Many prominent educators were present when the seventh annual meeting of the North Central Association of Colleges and Secondary Schools was called to order here. Superintendent L. H. Jones of the Cleveland public schools delivered an address of welcome, after which Chancellor W. S. Chaplin of Washington university, president of the association, made his annual address. After the reading of the treasurer's report and the appointment of various committees Superintendent G. L. Cooley of Chicago read a paper entitled "Small High Schools in Large Cities." General discussion on the subject followed.

### Promises to Stop Gambling.

New York, March 28.—District Attorney Jerome announced that if the city would pay the bill that he could stop gambling here. He said: "I can close every big gambling house in the town if the comptroller will accept my vouchers for expenses in so doing. It would cost at least \$1,000 to get into 'Dick' Canfield's to get corroborative evidence. Do you think the comptroller would pay a bill for \$250 lost at roulette?"

At Emporia, Kan., S. G. Conkling fatally wounded his divorced wife and her mother, Mrs. Silvers, and then killed himself.

## MURDERER LYNCHED.

Stay of Execution Did Not Save Charles Woodward's Neck.

Casper, Wyo., March 28.—Charles Woodward, who was sentenced to be hanged at Casper, Wyo., for the murder of Sheriff Ricker, but in whose behalf a stay of execution was issued by the supreme court last Tuesday, was lynched at Casper during the night.

Under cover of darkness an organization of 200 men was formed. Crowds began to gather in the vicinity of the jail early in the evening. About 3 a. m. the mob descended on the jail and the leaders demanded the keys of the sheriff. He refused to give them up and the crowd secured a number of sledges and rammers and beat down the jail door. Once inside the jail, a rope was quickly thrown around Woodward's neck and he was roughly dragged from the building. He was taken a block away and hanged to a tree.

### Another Veto For Deserter.

Washington, March 28.—President Roosevelt sent to the house a veto if the bill for the relief of Emanuel Klausner from the charge of desertion. The president says this bill, like the senate bill in the case of John W. Howell, not only authorizes the president to act, but also orders the secretary of war to revoke and set aside the order approving the proceedings, findings and sentence of a general courtmartial, and to grant an honorable discharge. "It appears to imply," says the president, "the possession by congress of the power of overruling and reversing by statute a valid judgment. If it did not do that it was simply an exercise of the pardoning power. It is a question as to whether congress possesses either of these powers, and when it directed the secretary of war to revoke an order, congress in fact did the thing which it ordered him to do."

### Germany's Attitude Explained.

Washington, March 28.—At the cabinet meeting Secretary of Agriculture Wilson made a statement regarding the discrimination by Germany against American food products, especially meats. He pointed out that the German analysis of the food products were undoubtedly very severe, and indicated that if similar analyses were resorted to by American officials against German food products coming into the United States millions of dollars of German goods would be shut out of this country every year. The position taken by Secretary Wilson is regarded as mild.

### Purchased by Chicago Firms.

Chicago, March 28.—Two Chicago bond houses have purchased \$6,000,000 of the Mexican government redeemable internal five per cent bonds of the fourth series. This is said to be the largest foreign bond deal ever handled by local firms. The bonds are payable in Mexican dollars, but the principal and semi-annual interest are payable at New York. Application will be made to list the issue on the New York Stock Exchange.

### Boers Escape.

Pretoria, Transvaal Colony, March 28.—About 1,500 Boers under Delarey, Kemp and J. J. Marais, were within the area of Lord Kitchener's latest movement, but though surprised by the rapidity displayed by the British troops, gaps in the latter's lines enabled most of the burghers to escape. The Boers' prisoners totalled 179 men, including Commandant H. Kruger.

### Sundry Civil Bill.

Washington, March 28.—The sundry civil appropriation bill, the most important of the government supply measures, was completed by the house committee on appropriations. The bill appropriates \$49,313,395, being \$12,463,042 less than the regular and supplemental estimates and \$12,579,512 less than the appropriations for the current fiscal year.

### Stock Exchange.

Chicago, March 28.—Services in the Catholic churches and in many Protestant churches and the closing of banks, the board of trade and the Stock Exchange marked the observance of Good Friday in Chicago. The produce market alone continued as usual.

### Flood Receding.

Jackson, Miss., March 28.—The waters are slowly receding and the worst of the big flood is over. Train service in the state is partly resumed, the main line of the Illinois Central south of Jackson is tied up.

San Francisco, March 28.—The transport Logan, which has been lying at the Mare Island dock for months past, will be ready for service again by April 10. New furnaces have been placed in the Logan and other improvements to the vessel have been made.

## CHRISTMAS IS SCORED

Attorney Fischer-Hansen Declares His Client's Report Outrageous.

### MORE LIGHT ON THE DANISH DEAL.

History of the Negotiations Between the United States and Denmark For the Purchase of Danish West Indian Islands.

New York, March 28.—Carl Fischer-Hansen of this city, who was attorney for Walter Christmas, the representative of the Danish government in the overtures for the purchase of the Danish West Indian islands in 1900, was indignant at the conduct of his client shown in secret report to the Danish minister, lately printed.

"Ordinary, legal etiquette," said he, "would prevent my speaking. But this report is so defamatory and outrageous that I feel justified in washing my hands of the whole affair."

Christmas undertook, according to Mr. Fischer-Hansen, to start the sale of the islands for the Herring ministry. As far back as 1860, the sale had been almost consummated, but at the last moment this government had drawn back. Thus Denmark could not make overtures, or do more than suggest that overtures would be acceptable. This Christmas did. He conducted Secretary White of the American embassy from London to Copenhagen. "At that point," said Mr. Fischer-Hansen, "his services ended. The negotiations from there on were carried forward by the American minister in Denmark and the Danish minister at Washington."

The Herring ministry, going out of existence in a few months, was succeeded by the Scheest ministry, to which Christmas made his secret report, setting forth the alleged obligations he was under to various Americans.

"This report was evidently made," said the lawyer, "with the belief that it could never see the light. But its publication has shown its absurdity. I am quite sure Christmas never saw the men he mentions and I believe the report was made for the purpose of personal gain."

### Karl Dallman Identified.

Buffalo, March 28.—The Express publishes a story to the effect that Karl Dallman, one of the three men sentenced to life imprisonment in the Kingston, Ont., penitentiary for attempting to blow up a lock in the Welland canal on April 21, 1900, is no other than Luke Dillon, the Irish Nationalist leader and famous as a close friend of Dr. Cronin, who was murdered in Chicago. Three men were captured soon after the explosion which wrecked a portion of one of the Canadian canal locks. Two of them—John Walsh and John Nolan—were identified and their records traced. The third man, who gave his name as Karl Dallman, was a mystery.

### Live Musk Ox.

New York, March 28.—The only live musk ox ever exhibited on the American continent has been added to the New York Zoological park, and will remain there as long as artificial ice and a deep, cool cave can persuade it to keep its health and life 5,000 miles away from home. The ox was captured in March, 1901, directly north of the Great Bear lake, and a score of miles from the Arctic ocean. Four others were taken at the same time, but they fell prey to the sledge dogs.

### Increase in Wages.

Bethlehem, Pa., March 28.—An increase of 10 per cent has been made by the Thomas Iron company in the wages of the men employed at the company's furnaces at Hellertown. After April 1, laborers will receive \$1.20 a day, the highest rate paid them in many years. The 10 per cent increase includes also the men employed in the mines which furnish ore for the furnaces.

### Irregular Troops Ordered Out.

Constantinople, March 28.—The Turkish government has decided to call to the colors 90,000 irregular troops in batches of 40 battalions, each batch aggregating about 20,000 men. This mobilization is ostensibly for the annual maneuvers, but in view of the conditions in Macedonia, considerable significance is attached to the movement.

### New Cure For Cancer.

London, March 28.—In the course of a lecture, F. F. Addyman of St. George's hospital, said he had completed a cure of a bad case of cancer in a woman by the action of X-rays upon disease.

## COMPLIMENTS OUR CONGRESSMAN.

A Republican Journal of Ohio Says His Bill in Interest of Certain Veterans Was a Graceful Act.

[Warren, O., Tribune.]

A Kentucky Congressman, and a Democrat at that, James N. Kehoe, has introduced a bill into Congress providing for the payment of funeral expenses of veterans of the Civil war who do not leave an estate sufficient to defray such expense. Now the government buries only those who die in Soldiers' Homes, and whose bodies are not claimed by relatives. In Ohio, and a few other States, a small allowance is made for the burial of indigent soldiers.

This bill coming from a Southern Congressman is a pretty compliment to the old soldiers and one that will be appreciated by the Grand Army of the Republic throughout the United States. We cannot do too much for the old boys in blue, and the government that will see the defenders of its honor in times of war suffer in life and go to the potter's field in death, has not reached those ideals of gratitude that are the foundation stones of good government.

This forgetting of the dead soldier and the indifference and lack of gratitude and care of the old one, no longer useful to the government, was the primary cause of the dissolution and fall of the great Roman Empire. All the honors of Rome, all her flowers and tributes were for the living, active soldiers. The old veterans were forgot and left to starve and die. A government with so little gratitude for those who had made it, could not live.

Rome went the way of all nations unappreciative and ungrateful to those who shed their blood for them. But the United States will never be guilty of this crime, for it is nothing less than a crime.

Representative Kehoe is serving his first term, but is displaying ability, that marks him as one of the coming leaders of the Democratic side.

## CLAIMS SHE'S INNOCENT.

Mrs. Ellen Boone Arrested Here on Charge of Murdering Her Husband in Jail at Falmouth.

[Falmouth Pendletonian.]

Mrs. Ellen Boone was arrested at Maysville last Saturday night and brought to Falmouth Monday by Chief of Police M. J. Donovan, of the former city. She is now a prisoner at the county bastille, occupying a cell on the second floor. The evidence produced last week at the Coroner's inquest as to the cause of the death of her husband, Wm. Boone, last August, led to warrants being issued against her and Sanford Sharp on the charge of murder. Sharp is still at large.

A few weeks after the death of her husband, Mrs. Boone and five of her nine children, accompanied by Sharp, went to Aberdeen, O., and later on Mrs. Boone and children moved near Maysville. She was visiting a friend in Maysville when Chief Donovan placed her under arrest. He reports that she seemed very much surprised at her arrest and gave way to bitter anguish and grief, at the same time vehemently protesting her innocence.

A Pendletonian scribe called to see Mrs. Boone at the jail Monday afternoon, and was received very cordially. She showed some evidence of nervousness, but was rather calm and dispassionate in her statements. She either feigned it or is in reality a very simple-minded woman. She protested her innocence of the crime with which she is charged, as well as any criminal intimacy with Sanford Sharp. She stated that she had employed him to move her effects from near Lenoxburg to Ohio and thence to Mason County, and that after spending a few days with them he took his departure, to what point she did not know. Mrs. Boone stated that she had never before been in trouble of this kind and didn't know what she could do to extricate herself.

## "The Fall of Atlanta."

After an absence of two years the many friends of "Lew Seeker" and "Rastus" will have the pleasure of laughing at their "funnyisms," for they will be in the cast and introduce their specialties in "The Fall of Atlanta," which will be put on at the Washington Opera House, Monday, March 31st, by the Knights of Golden Eagle. The cast has been carefully rehearsed and a pleasing performance is promised. Seats on sale, at Nelson's, Monday morning.

Mattie Worrick has sold to G. L. Courtney eighteen and one-fourth acres on Johnson creek for \$350.

## EVANS WILL RETIRE.

Commissioner of Pensions Tenders His Resignation to President.

### WILL BE GIVEN DIPLOMATIC JOB.

Committee Appointed at Last Annual Encampment of G. A. R. to Investigate Pension Bureau Submits Its Report.

Washington, March 28.—Commissioner of Pensions Evans has placed his resignation in the hands of the president. It will not take effect until some important position in the diplomatic service is found for him. The pension committee appointed at the last annual encampment of the G. A. R. to investigate the affairs of the pension bureau has made its report to the president. It has not yet been decided as to when the report will be made public, if at all. It is stated that the policy of Commissioner Evans will be continued by his successor.

### Strike Threatened.

Augusta, Ga., March 28.—At a meeting of the King cotton mill operatives it was decided to make a demand for a 10 per cent increase in wages on April 7. It is the understanding that if the King company grants the request the other cotton mills in the vicinity will be requested to meet the raise. If the King mill refuses, the operatives will strike. The plan is to have the strike in this factory supported by the employees of other mills. The King mill authorities say they will not comply with the demands and a strike by their operatives will be met by a lockout by the other mills, including those at Bath, Warrentonville, Langley and Graniteville, N. C.

### Taylor on the Carpet.

Washington, March 28.—The attention of the president having been called to alleged interviews with Assistant Secretary of the Treasury Taylor in a number of newspapers in which he had put himself in the position of opposing certain provisions of the Chinese exclusion bills now pending in congress, Secretary Shaw has been requested by the president to examine into the matter and report to him as to the truth of the allegations. As Secretary Shaw is in New York, no action will be taken by him in the direction of carrying out the president's instruction until his return.

### May Appoint Adams.

Washington, March 2.—Up to the present time, James R. Garfield has not indicated to the president his intention of accepting the place of civil service commissioner, which was tendered to him to succeed William A. Rodenburg, resigned. In the event that Mr. Garfield should finally conclude not to serve, it is said that the president is very favorably disposed toward George Everett Adams of Chicago. Mr. Adams served four terms in congress and it is understood that his name was considered before the offer was made to Mr. Garfield.

### Collision on the Elevated.

Chicago, March 28.—Fifty passengers were badly shaken up in a collision between trains of the South Side and Metropolitan West Side elevated roads on the union loop. The South Side cars had stopped at LaSalle street station when a Metropolitan following it became unmanageable. The crash sounded like an explosion and was heard for several blocks. The motorman who was in charge of the runaway coaches had to jump through a window to save himself from being caught in the wreckage.

### Scalded to Death.

Warsaw, Ind., March 28.—Mrs. Mary Hively, wife of a prominent farmer, 12 miles east of here, was seized with an attack of epilepsy, fell into a pan of boiling sugar water and was scalded to death. Charles Hively, her husband, found the body a few minutes later, with the head and upward portion submerged.

MAYSVILLE has as good public schools as any city in the State. These with Hayswood Seminary for young ladies afford a fine opportunity along educational lines.

The adoption by the last Legislature of the single liability clause for manufacturing corporations will have the tendency to stimulate the organization of that class of industries in Kentucky. Maysville offers exceptional advantages for manufacturing plants.

The New York Journal asserts that the party which makes itself responsible for the ship subsidy bill—a steal of public money which inspiring rhetoric about the "flag" and "our merchant marine" cannot disguise in the least—has no right to complain because the sugar beet growers want their share of protection.

It is to be hoped that the new hospital enterprise will be a go. Institutions of that class have generally been profitable when properly managed, and from intimations we have had the management of this one will be in capable hands. A first-class hospital of the kind contemplated will be of incalculable blessing here. Our citizens have paid thousands of dollars to Cincinnati, Clifton Springs and other places for benefits they may easily have here with a good, up-to-date hospital.

The Philadelphia North American is a Republican paper, but it uses some very plain language in criticising the War Department and the President for some of their recent doings. It says:

"The people have had enough of this business of disciplining and discrediting every successful military and naval commander who dares to exercise independent judgment and the right of free speech, and it will be well for the politicians to keep their hands off Miles for the present."

## GET DOWN TO FACTS.

Read What Maysville Citizens Say.

Get down to the facts of the matter. Don't take a stranger's word. It is easier to prove the truthfulness of statements made by the citizens of Maysville than endorsement coming from some far away place. Read the following:

Mrs. O. D. Burgoyne, of Hall street, says: "The use of Doan's Kidney Pills proved of remarkable value to me. For a long time I suffered from kidney trouble. Not only were there severe pains in my back, but also other evidences of a disturbed condition of the kidneys. Doan's Kidney Pills came to our knowledge and Mr. Burgoyne went to J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and got a box. The treatment was so effective that it has given me much pleasure to recommend this remedy to a number of my friends."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

## FORTUNES IN OIL!

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State.

A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

## MILLINERY OPENING!

NO ADVANCE EXHIBIT; ALL INVITED---FIRST SHOWING OF SPRING MILLINERY---NO SPECIAL INVITATION OR PRIVATE EXHIBIT.

This is our only invitation, and it's addressed to you. We believe this 1902 collection to be the choicest ever gathered at Maysville. But we're prejudiced; perhaps it's not. Better leave that to your judgment. This, however, may be confidently claimed—that it reflects the latest London and Parisian fashions as a polished prism reflects light. It holds up the mirror to the mode. Bigger stocks may be seen in some of the larger cities, but none choicer; and what's more, NO FANCY PRICES.

PROP'S OF BEE HIVE.

### "Wine, Woman and Song."

After an extensive correspondence on the part of the management of the Washington Opera House, they have secured "Wine, Woman and Song," the burlesque company that made such an emphatic impression on their patrons last season, for an engagement of one night early in April. The company is bigger and better than when here last, and is endorsed by the press as one of the cleanest and best shows of its kind. Nothing, it is claimed, enters into its "amusement giving," that would offend the most fastidious.

### Easter Reductions.

See our line of Easter novelties. Very nobby goods. We are offering some special bargains. Our watches, diamonds, sterling silver spoons, knives and forks, also clocks. We will show you exclusive patterns and designs.

MURPHY, the jeweler.

The will of James M. Fields was admitted to record Friday. Scott Collins qualified as administrator with the will annexed, with J. S. Pogue surety. He bequeathed his real estate to his wife for life, and at her death it is to be sold and divided among their children equally.

The class of goods we are offering at a sacrifice are so superior to those advertised by our competitors that they admit of no comparison. Real bargains as long as this stock lasts. No misrepresentation. OLOONEY & PERRINE. Successors to J. Ballenger.

Owing to the trouble raised at Dover by Rev. J. W. Sawyer's escapade, it has been decided to hold the spring session of Maysville District Conference of the M. E. Church, South, at Flemingsburg instead of Dover.

### BLOODHOUNDS.

Mason County Now Has a Pair of Them That Will Be Used in Running Down Thieves and Other Criminals.

'Squires W. H. Rice and Sam T. Farrow returned Thursday from Birmingham, Ala., where they went to purchase a pair of bloodhounds under instruction, from the Mason Fiscal Court. They secured a couple of finely-bred dogs from a mining company, and the animals are now at the home of Sheriff Roberson on East Second street. One of the dogs is two and the other four years old.

The thieves who have been raiding chicken roosts, corn cribs, corn fields and hogpens throughout the county will likely let up on such work now, as the dogs will be used to run these and all other criminals down. It has been almost an impossibility to catch the parties who have been doing the petty thieving throughout the county and especially in the Washington neighborhood the past winter, but with these dogs there will likely be a different tale to tell, if such work is continued.

What does it profit a woman if she gain the whole world of knowledge and lose her own health? Young women students, and school teachers, eager, ambitious, and full of energy, very often neglect their health in the struggle to gain education. They eat insufficient food, and at irregular hours, they allow irregularity of the womanly functions to be established, and the result is that they become chronic invalids with all their education practically worthless. There is a plain road back to health for such as these, marked by the feet of thousands. It is the use of Dr. Pierce's Golden Medical Discovery for diseases of the stomach and digestion and nutritive organs, and Dr. Pierce's Favorite Prescription for diseases of the delicate organs of womanhood. A cure so certainly follows the use of these remedies that one of hundreds of thousands who have tried the treatment, ninety-eight in every hundred have been perfectly and permanently cured. Constipation, with its calamitous consequences, which is a common ailment of students, can be entirely cured by the use of Dr. Pierce's Pleasant Pellets.

### A Card.

We desire to express our sincere thanks to our friends and neighbors for their kindness during the sickness and death of our beloved father and husband. MRS. T. B. ROBERTSON AND FAMILY, Mayslick, Ky.
